WAILUKU, MAUI, H. T., SATURDAY, JULY 24, 1909

NUMBER 23

## Leaf Hopper After Corn

The Remedy is a Simple One.

Judge S. B. Kingsbury has received a communication from the Superintendent of Entomology relative to an insect pest that is attacking corn and sorghum. We give the letter in full below for the benefit of others who may be interested.

A united effort on the part of those who are interested in agriculture and horticulture would soon rid any community of many insect pests. In this connection it might be a paying proposition for a number of interested persons to invest in a tent for fumigating trees.

The letter is as follows:

Judge S. B. Kingsbury,  
Wailuku, Maui.

Dear Sir:

Your letter and specimens arrived this morning. There is no question about the identity of the pest; it is the corn leaf-hopper (*Peregrinus maidis* Ashm.) so common here on corn and sorghum. The specimens represent all stages of growth, from the newly hatched to the full grown, winged form. In winter leaf-hoppers assume a brachypterous or short-winged form. But even then they are quite capable of hopping. The black bugs you have reference to, I surmise, are aphids—another common pest here on sorghum and corn. Will be glad to get specimens when you find them. As to remedies I recommend you apply ivory soap solution prepared as follows: heat a gallon of water until the pound [one] of ivory soap is dissolved; add 3 gallons of water and apply warm, preferably with a spray pump. Some of the grown hoppers will probably escape your spray, but it will have killed a majority of the small ones, any way. Repeat the application, if necessary. The earlier in the life of the plant the first application is made the better it will be as by so doing you will kill the first brood of the pest. For better protection you must of course secure the cooperation of your corn and sorghum growing neighbors in order that they may not, by their inactivity, re-stock your plants from their own. You might, therefore, find it to advantage to publish this letter in your local paper and thus bring the suggestions offered herein to the attention of a large number of your neighbors.

Very respectfully yours,  
JACOB KOTINSKY,  
Superintendent of Entomology.

## Jap Editor Arrested

K. Yokogawa Again Before  
The Courts.

R. Irwin, one of the Deputy Marshalls of the territory came up to Maui Tuesday evening and arrested K. Yokogawa, the editor of the Maui Shinbun for sending improper matter through the mails.

Yokogawa is a chronic offender and has had considerable experience with the courts and would have been tried this week on a charge of having committed an offense against the laws of the territory if the Federal officials had not stepped in and carried the Jap away to be tried on a more serious charge.

Yokogawa is the President of the Maui Strikers Aid Association.

## Attempted Suicide

Hangs Himself But Is Cut  
Down.

H. Wilson a part Hawaiian Kaakako resident attempted suicide at Kahului Wednesday evening by hanging himself by the neck in a room of his house.

He was seen by his wife who gave the alarm and police officer Manuel Sequeira cut the rope by which he was hanging and in a short time he had recovered.

H. Wilson is the name of the man. He was a resident of Kakako Honolulu until recently.

Shortly after coming to Maui he secured work in Kahului. While there it is reported that he struck a boy without cause or provocation and when the chief engineer Vasconcellos remonstrated with him for striking a boy he attacked Vasconcellos and struck him two vicious blows. Vasconcellos finally got the best of him and he was discharged.

He was not seriously hurt by his swing but will probably not do much rubber necking for a while.

## Legally Dead Man Captured and Jailed.

Honolulu, July 17.—Sheriff Pua of Hawaii this morning in the S. S. Mauna Kea brought from Hilo a Japanese named Fujiwara who seven years ago was sentenced to be hanged for the murder of one of his countrymen, but managed to escape from the Hilo jail a day or so before he was to have been stretched by the neck until he was dead and God have mercy on his soul, as per sentence.

During the years when it was not known where he was hiding or whether he was still in Hawaii, or in the land of the living, there were frequent rumors as to his whereabouts, but it remained for Deputy Sheriff Overend to run in to the escape last Tuesday at Honokaa.

Fujiwara was sentenced to death by Judge Little.

Deputy Sheriff Overend, at the time of the man's escape, was deputy under Andrews. John and Charles Moore were jailer and deputy jailer, respectively, and lost their positions as a result of the escape, the prisoner practically walking out of prison.

Since the sentence of death was not carried out on the day and date when it was ordered, the question arises whether or not Fujiwara can be executed, for legally he is already dead.

He has been brought to Honolulu for safe keeping until it is settled when or whether he actually dies.

## Coelhos Acquire City Property.

Honolulu, July 17.—Does Senator Coelho contemplate removing his residence from Wailuku, the shiretown of his constituency, to Honolulu? A transaction in city property recorded today might suggest that question.

Mary Atherton Richards has conveyed to Helen Kekipi Coelho, in consideration of \$900 paid to the former by W. J. Coelho, husband of the second party named, a piece of land situate at Kawanakoa and Kapale in Nuuanu, Honolulu, one lot containing 12,700

## Wharves For Kahului

Construction Will Begin  
Soon.

The tentative plans for the location and constructions of wharves at Kahului as submitted by the representatives of the Kahului Railroad Co. to the Superintendent of Public Works have been approved. Before any thing further can be done the interested parties must await the survey if the harbor by engineers of the Federal government. This will be done next month.

The necessary license for the construction of the wharf is now under consideration.

The plans proposed involve a small wharf near the marine railway where the Interisland boats and sailing vessels will discharge and load while a large wharf parallel with the breakwater and immediately adjacent to it will be built for the accommodation of the large freighters.

The directors of the Kahului Railroad Co. will meet shortly after the return of Mr. H. P. Baldwin, the latter part of this month for the purpose of approving the plans and government licenses and other necessary preliminaries.

## Year Imprisonment for Japanese Striker.

Honolulu, July 17.—Hagayashi, Japanese, this morning pleaded guilty in police court on two counts of assault and battery and was sentenced to imprisonment for six months on each count, making a term of one year.

Hagayashi yesterday morning gave chase, armed with a murderous looking knife, to a Chinese and to a Portuguese, workmen on Waipahu plantation.

The Chinese and the Portuguese claim that they were going peacefully about their business, working for the plantation, when the Japanese appeared flourishing his knife, and attempted to get at the Chinese who ran. He then turned his attention to the Portuguese who put up a fight and received for his pains a crack across the left wrist with a broom handle.

They claimed that the Japanese had ordered them not to work for the plantation, that he cursed them for having anything to do with the plantation, using foul language and threatening to kill them if they did not quit their jobs, the belief being that Hagayashi is an agent of the Higher Wage Association and was picketed in the public road for the purposes of holding up Japanese, and possibly others, who wished to go to the fields to labor.

Whether Hagayashi is a picket of the Higher Wage Association or not, there was no lawyer for him in police court, nor was he in any way, in court, be friended by any other Japanese. He went before the bench and pleaded guilty, declaring that he was drunk at the time and did not know what he was doing.

There are those who say he was really drunk and that he was still markedly under the influence of liquor when he was brought into town to jail.

square feet or 29-100 acres, and another 21,000 square feet or 48-100 acre. The property is back of the Waterhouse homestead.

## Trustees Are Chosen

Kaahumanu Church Has New  
Board.

An important meeting of the trustees of the Kaahumanu church was held on Tuesday the 20th instant at which the board was reorganized and new trustees elected.

Judge J. W. Kalua was elected President, W. B. Keenu, Vice-President, Rev. R. B. Dodge, Treasurer, and Moses Kaupimahu was elected Secretary and M. P. Waiwaiole Auditor.

A resolution was passed making the number of the board seven instead of five as at present and recommending the names of Charles Wilcox and W. E. Saffery for the places thus created.

The President and Auditor were instructed to apply to the Territorial Treasurer for permission to alter the charter by which the increased number of members of the board may be legally become members of the board. They further desire to have all elections made annually instead of a life tenure as is the case at present.

Rev. R. B. Dodge takes the place of Hon. S. Kaue who has been unable to attend the meetings on account of illness.

## Ray Rietow Soon To Go To Maui.

Ray B. Rietow, clerk in the trust department of Senator W. O. Smith's office, will leave on August 3 for Maui where he will shortly accept a permanent and, in many respects, more important position than that held in this city.

The departure of Mr. Rietow will be sincerely regretted in many branches of sport. He is a leading figure in tennis circles, a prominent member and official of the Myrtle Boat Club, a motoryclist of the first class and a first-rate man in other lines. In fact, as an alert and efficient official in several organizations he will be hard to replace.

Undoubtedly the Honolulu man will be snapped up by the Maui tennis club, and it need not be surprising should he appear in the Maui team in the coming contest with the Honolulu. He would certainly be a great addition to that team, and the Mauiites will doubtless not be slow to annex him.

For the present Mr. Rietow will be employed at Kahului but may eventually go to Punahoa. Star.

## Concert and Dance at Wailuku Town Hall.

Next Saturday evening, July 31st the Spreckelsville Orchestra will give a concert and dance at the Wailuku Town Hall, to which an admission of 50 cents will be charged.

Special trains will be run at excursion rates. They will leave Paia at 7 p. m., Spreckelsville at 7:15 p. m., Punahoa at 7:30 p. m. and Kahului at 7:45 p. m. Round trip tickets will be sold as follows: From Paia, 75 cents; Spreckelsville, 50 cents; Punahoa, 50 cents; Kahului, 25 cents.

Treasurer Yamashiro of the Japanese Higher Wage Association last Friday sent a wireless to the Kauai Island branch for contributions. A meeting was held on Sunday on the Garden Island and funds are awaited. The treasury here is said to be getting weak. The Kauai Japanese, according to previous attitude, do not seem enthusiastic for helping Honolulu headquarters.

## JUEN WOULD COLONIZE ARIZONA

Proposes to Take Fifty Families--Tariff Agreement  
in Sight--Philippine Governor Resigns--  
War May be Averted.

(SPECIAL TO THE MAUI NEWS.)

Sugar 96 deg. test 3.935 Beets 10s 6d.
